

setServoPulse

```
graph LR; A[setServoPulse] --> B[Adafruit_PWMServoDriver::setPWM]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is light gray with a black border and contains the text 'setServoPulse'. The right box is white with a black border and contains the text 'Adafruit_PWMServoDriver' on the top line and '::setPWM' on the bottom line. A blue arrow points from the right side of the left box to the left side of the right box.

Adafruit_PWMServoDriver
::setPWM
